Module 1: Effective Communication

Task: Write professional emails based on any 5 of the following scenarios. Ensure clarity, conciseness, and a formal tone.

1. Thank You Email (Post-Interview)

Subject: Thank You – Technical Mock Interview

Dear **Sir,**

Thank you for the opportunity to participate in the technical mock interview earlier today. I truly appreciated the feedback on my SQL and database management knowledge.

Our discussion regarding the "Where" vs. "Having" clauses was particularly insightful. This experience has clarified the areas I need to focus on as I complete my current degree, and I am more motivated than ever to refine my skills in C++ and Python.

Thank you again for your time and guidance.

Best regards,

Priyanshu Chauhan

2. Letter of Apology (Assignment Delay)

Subject: Apology Regarding Module 1 Submission

Dear **Prof. Mehta,**

Please accept my sincere apologies for the delay in submitting the Python Data Structures Assignment. Due to an unexpected technical issue with my local environment, I was unable to finalize the script by the deadline.

I have now resolved the issue and attached the completed work to this email. I understand the importance of timely submissions and have taken steps to ensure this does not recur.

Thank you for your understanding.

Sincerely,

Priyanshu Chauhan

3. Email of Inquiry (Requesting Information)

Subject: Inquiry: Detailed Syllabus for Advanced Python Course

Dear **HOD ma'am,**

I am currently a student at **R.N.G Patel Institute of Technology** with a strong interest in software development. I am writing to request more information regarding the upcoming Python course mentioned on your website.

Specifically, I would like to know:

- Does the curriculum cover advanced memory management in C++?
- Are there practical projects involving Python's PEP 8 standards?
- Is there a discounted rate for current college students?

Thank you for your time and I look forward to your response.

Best regards,

Priyanshu Chauhan

4. Asking for a Raise (Internship)

Subject: Discussion Regarding Performance and Compensation

Dear **Sir,**

I would like to request a brief meeting to discuss my current role and performance within the team.

Since starting my position, I have successfully applied my knowledge of **SQL and Python** to **streamline our data retrieval processes**. Specifically, I have optimized several internal queries to ensure more accurate reporting. As I continue to take on more complex database management tasks, I would like to discuss adjusting my compensation to better reflect my increased responsibilities and contributions to the team.

Are you available for a 15-minute meeting this **Monday**?

Best regards,

Priyanshu Chauhan

5. Resignation Email

Subject: Resignation

Dear **Sir,**

Please accept this email as formal notification that I am resigning from my position at **DVIBIT**, effective two weeks from today, **17-04-2026**.

I have decided to focus fully on completing my final college semester and upcoming academic projects. I am incredibly grateful for the opportunity to have worked here and for the mentorship I received, especially regarding database management.

I am committed to ensuring a smooth handover of my current tasks before my departure. Thank you again for the opportunity.

Sincerely,

Priyanshu Chauhan
